### **CONCISE COMMUNICATION**

Time For Change, LLC. (TFC) is headquartered in Houston, TX and has been engineering visionary change for our clients facing disputes involving pipelines since inception in 2019.

TFC provides expert witness support and testimony through a robust background of educational and corporate experience with pipeline litigation. We communicate complex concepts concisely and clearly to the desired audience; either written or vocalized. Our unique evaluation of ROI: Return on *INTEGRITY* sets us apart from other experts in how we deliver expertise simply and effectively for the client. We also have a special passion to encourage professional women in technical workplaces and maintain women's owned business certifications nationally and locally in Texas.
